

## Não à guerra - Não à NATO

Na passagem do sexagésimo aniversário da organização militar NATO, apelamos a toda a população para que venha a Estrasburgo e Baden-Baden protestar contra as políticas nucleares e militares agressivas da NATO e afirmar a nossa perspectiva de um mundo mais justo e livre de guerras.

A NATO é um obstáculo cada vez maior à conquista da paz no mundo. Desde o fim da Guerra Fria, a NATO reinventou-se como uma ferramenta para a acção militar por parte da "comunidade internacional", incluindo a propaganda à denominada "guerra ao terror". Na verdade é um veículo para o uso da força liderado pelos Estados Unidos com bases militares em todos os continentes, passando por cima do controlo da ONU e do direito internacional, acelerando a militarização e a escalada das despesas militares - os países da NATO concentram 75% das despesas militares do mundo inteiro.

Seguido esta agenda expansionista desde 1991, concebida para antecipar o acesso aos recursos e interesses estratégicos, a NATO travou a guerra dos Balcãs, disfarçando-a de "guerra humanitária", e combateu uma guerra brutal ao longo de sete anos no Afeganistão, onde a escalada da situação trágica já a fez alastrar ao Paquistão.

Na Europa, a NATO está a agravar as tensões, alimentando a corrida ao armamento com os chamados "mísseis de defesa", um arsenal nuclear massivo e uma política de ataque nuclear como primeira opção. A política da União Europeia está cada vez mais amarrada à da NATO. A actual e potencial expansão da NATO para o Leste europeu e para além dele, e as suas operações "fora de zona" estão a fazer do mundo um lugar mais perigoso. O conflito no Cáucaso deu uma indicação clara dos perigos. Cada avanço da fronteira da NATO faz aumentar a possibilidade de guerra, incluindo o uso de armas nucleares.

Para afirmarmos a nossa visão de um mundo pacífico, rejeitamos as respostas militares às crises globais e regionais - elas são parte do problema e não da solução. Temos de diminuir as despesas militares - dirigindo os recursos para dar resposta às necessidades humanas. Temos de fechar todas as bases militares estrangeiras. Opomo-nos a todas as estruturas militares usadas para intervenções militares. Temos de democratizar e desmilitarizar as relações entre os povos e estabelecer novas formas de cooperação pacífica para construir um mundo mais seguro e mais justo.

O nosso apelo é para que espalhes esta mensagem nas tuas comunidades e movimentos, e que venham a Estrasburgo e Baden-Baden para fazer desta visão uma realidade. Acreditamos que um mundo de paz é possível.

Não à guerra - Não à NATO.

As actividades deste protesto anti-NATO incluem a manifestação do Sábado, 4 de Abril de

2009, a conferência internacional nos dias 3 e 5 de Abril, as iniciativas de acção directa e desobediência civil e um acampamento de resistência internacional a partir de 1 de Abril.
